## Implementation of Union Authorisation for CVAS Development GmbH – CVAS Biocidal Product Family based on L(+) Lactic Acid – EU-0028957-0000

With reference to the Commission Implementing Regulation (EU) 2023/1311 of 27 June 2023 granting a Union Authorisation for the biocidal product family CVAS Biocidal Product Family based on L(+) Lactic Acid, R4BP 3 case number BC-WS087331-08. The union authorisation by the reference Member State Slovenia, R4BP3 asset number EU-0028957-0000 is implemented in Norway.

### Decision

The Norwegian Environment Agency hereby provides CVAS Development GmbH an implementation of the union authorisation for the biocidal product family CVAS Biocidal Product Family based on L (+) Lactic Acid on the Norwegian market. The authorisation is granted from 18 July 2023 to 30 June 2033 with the authorisation number EU-0028957-0000 (to be stated on the label).

### Terms and conditions for the authorisation

The product is authorised in Norway under the terms and conditions as described in the final Norwegian Summary Product Characteristic (SPC) attached to the R4BP3 asset case no. NO-0031228-0000. The final SPC can also be found on the website of the European Chemicals Agency here: [Information on biocides - ECHA \(europa.eu\)](https://echa.europa.eu/information-on-biocides).

The information on the label, and, if relevant, in the Material Safety Data Sheet and Technical Data Sheet, shall be in Norwegian and in accordance with the terms and conditions provided in the final Norwegian SPC. This is the responsibility of the authorisation holder. Further requirements are described in Article 69, 70 and 72 of the BPR. An electronic copy of the label(s) for each authorised product shall be submitted to the Norwegian Environment Agency by email ([biocides@miljodir.no](mailto:biocides@miljodir.no)) within three months from the date of this letter. Please mark the email with the authorisation number.

All biocidal products on the Norwegian market shall be registered in the Norwegian Product Register in accordance with the Norwegian Biocide Regulation of 18 April 2017 No. 480 § 2-2, by using the biocide notification form. In addition, biocidal products which are classified as hazardous according to Regulation (EC) No 1272/2008 (the CLP Regulation) shall be fully declared if they are sold in amounts of 100 kg or more per year. The forms to be used and further information can be found on our website <https://www.environmentagency.no/areas-of-activity/product-register/>

The authorisation is given in accordance with Article 44(5) of Regulation (EU) No. 528/2012 (the Biocidal Products Regulation, BPR) and the EEA agreement (annex II, chapter XV, 12n

## Background

Regulation (EU) No. 528/2012 (the Biocidal Products Regulation, BPR), is implemented in Norwegian law through the Norwegian Biocide Regulation of 18 April 2017 No. 480.

The procedures for union authorisations are set out in Article 42, 43 and 44 of the BPR. According to the EEA agreement (annex II, chapter XV, 12n) the union authorisations shall be authorised in the EFTA States under the same terms and conditions as granted by the reference Member State. In general, a biocidal product is authorised for a period not exceeding 10 years in line with Article 17(4) of the BPR. Union authorisations shall have the same expiry date as stated in the corresponding Commission Implementing Regulation. The conditions for granting an authorisation of a biocidal product are laid down in Article 19 of the BPR. Additionally, the transitional measures given in Article 91 apply.

### The application concerns

CVAS Development GmbH has applied for a union authorisation for the biocidal product family CVAS Biocidal Product Family based on L(+) Lactic Acid on the European market. The biocidal product family contains the active substance L-(+)-lactic acid and is for use in product type (PT) 3 – Veterinary hygiene and PT 4 – Food and feed area. The authorisation holder in Norway is CVAS Development GmbH. The terms and conditions of the application are described in the submitted Norwegian SPC.

## Evaluation by the Norwegian Environment Agency

This decision is based on the evaluation of the reference Member State. The Norwegian Environment Agency agrees with the reference Member State that the conditions to grant an authorisation laid down in Article 19 of the BPR are fulfilled for the biocidal product family.

## Relevant information

### Phase out period for existing biocidal products on the Norwegian market

In cases where the authorised biocidal product has been made available on the Norwegian market under the national transitional measurements (c.f. Article 89 of the BPR), the existing stocks must be phased out in line with Article 89(4) of the BPR. The product shall not be made available on the market with effect from 180 days after the date of this letter. Furthermore, the

use of existing stocks of the biocidal product may continue for up to 365 days after the date of this letter. During this period, all advertising material related to products that do not comply with the new conditions, should also be removed from the market.

### **Unexpected or adverse effects**

If the authorisation holder becomes aware of any unexpected or adverse effects concerning the authorised biocidal products or the active substance it contains, the authorisation holder is obligated to notify without delay to the Norwegian Environment Agency (c.f., Article 47 of the BPR).

### **Changes to the authorisation**

If it is desirable to make any changes to the product authorisation, the authorisation holder must submit an application/notification for change to the Norwegian Environment Agency, in accordance with Article 50 of the BPR. This procedure is described in detail in Regulation (EU) No. 354/2013 on changes of biocidal products. The fees to be charged for applications for change are given in appendix 1A of the Norwegian Biocide Regulation.

### **Annual fee**

For authorised biocidal products on the Norwegian market, an annual fee will be charged. Please see appendix 1B of the Norwegian Biocide Regulation for details. We kindly ask you to inform us by email ([biocides@miljodir.no](mailto:biocides@miljodir.no)) if you do not intend to place the product on the Norwegian market, and therefore should not be charged with the annual fee.

### **Renewal of application**

An application for a renewal of the national authorisation must be submitted 550 days before the authorisation period expires, at the latest, according to Article 31(1) of the BPR.

## **Right to appeal**

This decision may be appealed to the Ministry of Climate and Environment.

An appeal shall be submitted to the Norwegian Environment Agency within three weeks after receipt of this letter.

Best regards  
Norwegian Environment Agency
