## Amendment to the Norwegian authorisation of the Union Authorised biocidal product family – Contec IPA Product Family – EU-0020460-0000

We refer to your amendment of the implemented decision in EEA countries and Switzerland (EE-AAT) to the authorisation of the biocidal product family Contec IPA Product Family – EU-0020460-0000, R4BP 3 Case number BC-JB071763-48. The Norwegian Environment Agency hereby amends the Norwegian authorisation.

### Background

Regulation (EU) No. 528/2012 concerning the making available on the market and use of biocidal products (the Biocidal Product Regulation, BPR) and Commission Implementing Regulation (EU) No 354/2013 concerning changes of biocidal product authorised in accordance with BPR are implemented in Norwegian law through the Norwegian Biocide Regulation of 18 April 2017 No. 480.

According to Article 50(2) of the BPR, the authorisation holder of a Union Authorisation seeking to change any of the information submitted in relation to the initial application of the authorisation, shall apply the Agency. The Agency shall examine, and the Commission decide whether the conditions of Article 19 or, where relevant, Article 25, are still met and whether the terms and conditions of the authorisations need to be amended.

The amendment of the implemented decision concerns removal and addition of trade names for the Norwegian market to all Meta SPCs in the biocidal product family as referred to in Section 1 of Title 1 of the Annex in Commission Implementing Regulation (EU) No 354/2013.

## Evaluation

The evaluation of the Norwegian Environment Agency is that the amendment to the authorisation of the biocidal product Contec IPA Product Family is in line with the conditions for granting an authorisation laid down in Article 19 of the BPR.

## Decision

The Norwegian Environment Agency hereby accepts the amendment to the Norwegian authorisation of the Union Authorised biocidal product family Contec IPA Product Family.

No other change(s) than the above mentioned is accepted with this letter. Apart from the change(s) outlined above, the terms and conditions as stated in the authorisation letter dated 20.01.2020 apply.

The revised Summary of Product Characteristics (SPC) is uploaded to R4BP 3.

## Label

In cases where the changes concerned in this letter have any consequences for the content on, or the design of the label, you are kindly requested to submit an electronic copy of the revised label with the Norwegian authorisation number EU-0020460-0000 to [biocides@miljodir.no](mailto:biocides@miljodir.no) within three months from the date of this letter.

Best regards  
Norwegian Environment Agency
