

SCIP IT user group kick off meeting

SCIP IT user group

1 October 2019

Tooling for the SCIP service

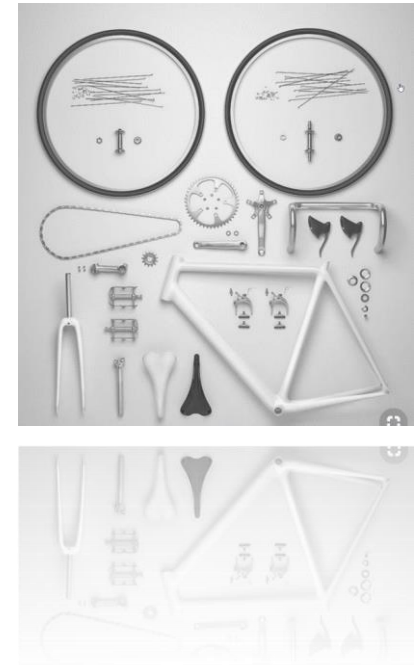

SCIP IT user group

Ferran Villar Garcia

I2 Unit – Business Information Systems

- SCIP Database
 - SCIP Notification
 - Manual upload scenario
 - S2S scenario
- Status
- SCIP planned timeline

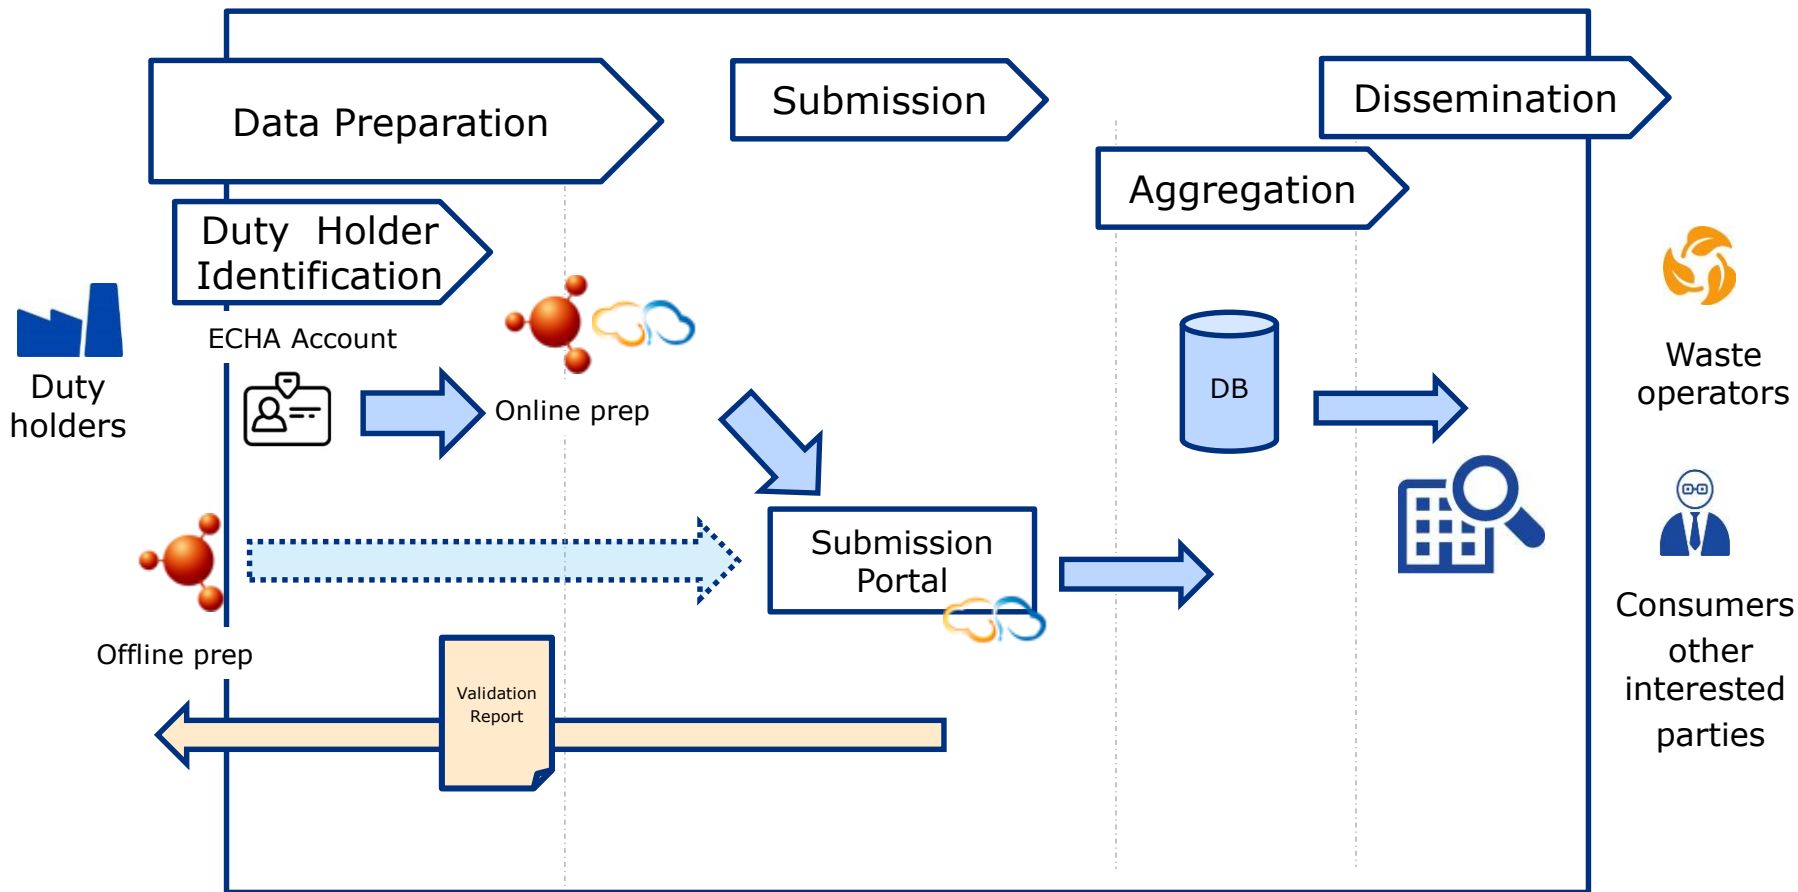

SCIP Notification (IUCLID)

- ECHA uses IUCLID files format (i6z) to receive all kinds of legislative data information.
- IUCLID is the International Uniform Chemical Information Database maintained by ECHA and the OECD. ECHA's mandate originates from REACH Article 111 ("Formats and software for submission of information to the Agency").
- The format is expressed in XML, and XML Schema definition files (.xsd)

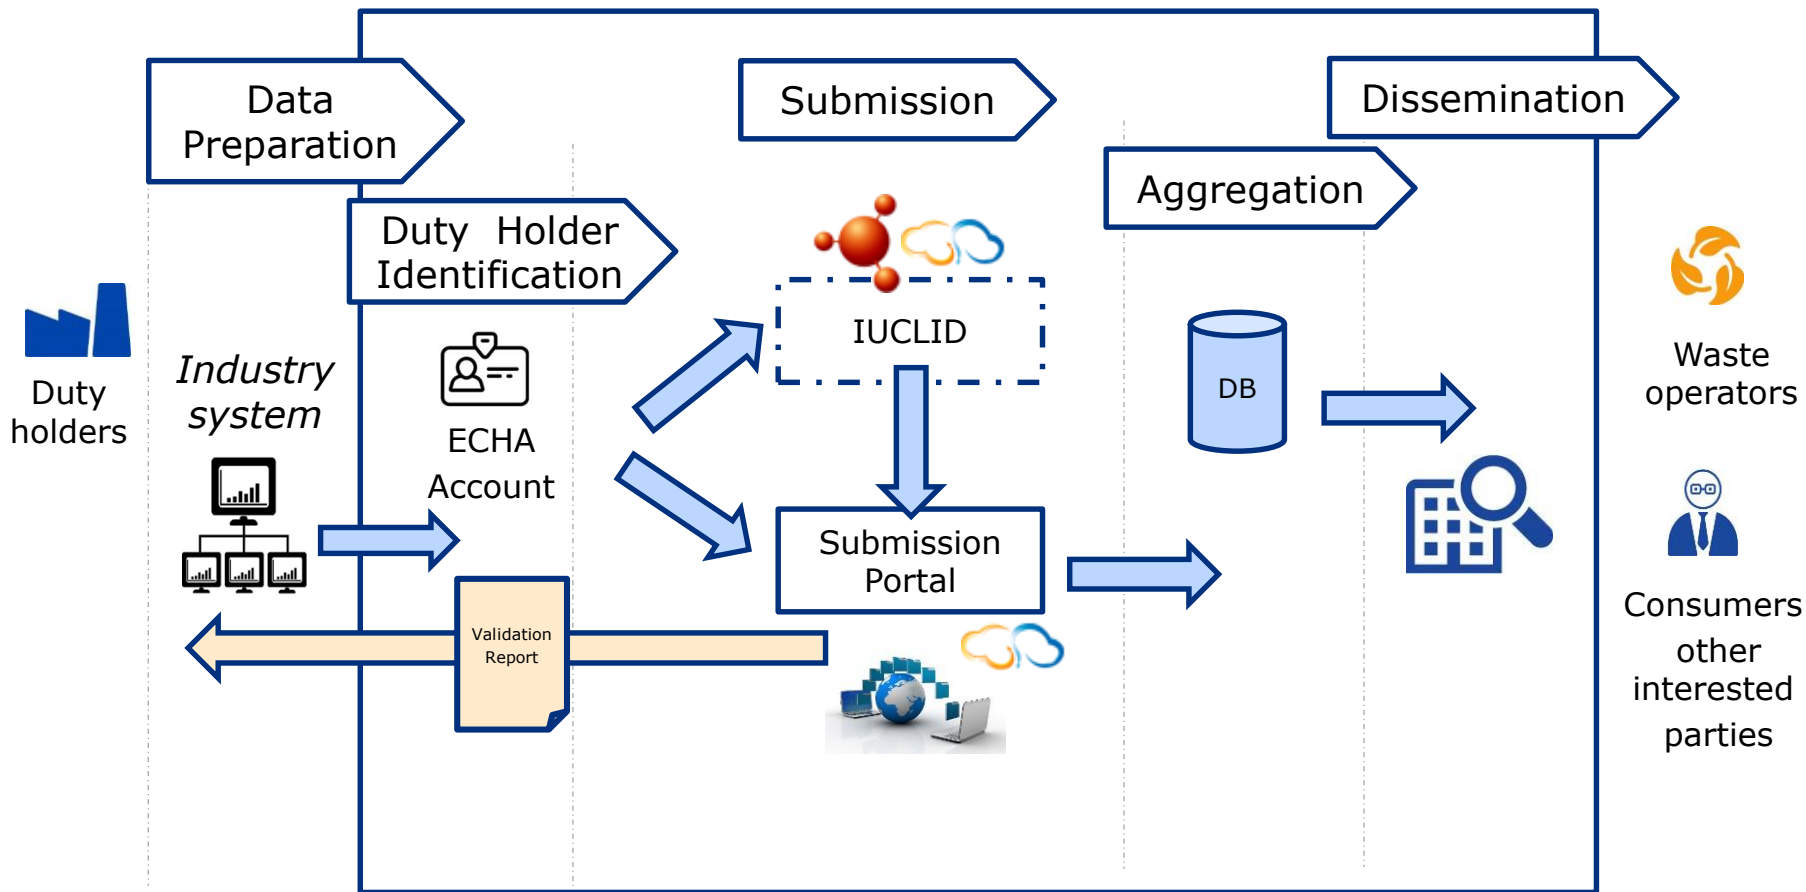

SCIP Notification (IUCLID)

- IUCLID format is updated once a year. The SCIP information requirements will be implemented as part of the upcoming IUCLID October release.
- IUCLID format, defines the IUCLID Dossier as the vehicle to notify the Articles within the SCIP context
- The IUCLID dossier, zipped in the i6z format is then uploaded to the ECHA Submission portal
 - Manually (Using IUCLID)
 - Via S2S (Preparing IUCLID dossier independently)

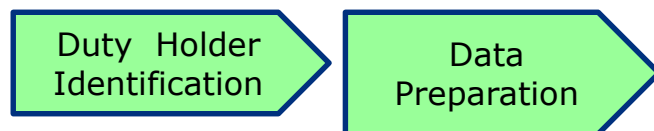

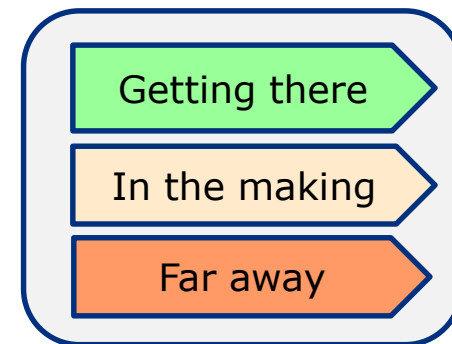

Manual upload scenario

SCIP Database S2S scenario

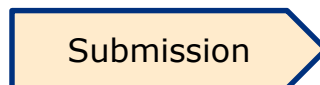

Status

User Identification defining User credentials, Legal entity definitions are ready.

Sending on behalf flows are currently in design and will be part of upcoming user group themes.

The user interface in the IUCLID platform and a walk through the IUCLID format will be part of another user group presentation later this year.

Store and prepare for dissemination. Special emphasis on Confidentiality is currently under design.

Data won't be available into the dissemination until 2021. Planning to start Dissemination user groups end during early Q1 2020.
