Decision/annotation number: Please refer to the REACH-IT message which delivered this communication (in format SEV-D-XXXXXXXXXX-XX-XX/F)

ADDITIONAL DECISION ON SUBSTANCE EVALUATION PURSUANT TO ARTICLE 46(1) OF REGULATION (EC) NO 1907/2006**For carbon tetrachloride, CAS No 56-23-5 (EC No 200-262-8)****Addressee: [REDACTED], registrant of carbon tetrachloride**

The present decision is exclusively addressed to [REDACTED] and it contains information requests that are additional to the information requests included in the decision addressed to all concerned registrants of carbon tetrachloride.

Based on an evaluation by French Agency for Food, Environmental and Occupational Health Safety (ANSES) on behalf of the French Competent Authority (evaluating MSCA), the European Chemicals Agency (ECHA) has taken the following decision in accordance with the procedure set out in Articles 50 and 52 of Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH Regulation).

This decision does not take into account any updates of the registration of the concerned registrant after 1 August 2013, the date upon which the draft decision was circulated to the other Competent Authorities of the Member States and ECHA pursuant to Article 52(1) of the REACH Regulation.

This decision does not imply that the information provided by the concerned registrant in the registration is in compliance with the REACH requirements. The decision neither prevents ECHA from initiating compliance checks on the dossier of the concerned registrant at a later stage, nor does it prevent a new substance evaluation process once the present substance evaluation has been completed.

I. Procedure

Pursuant to Article 45(4) of the REACH Regulation the Competent Authority of France has initiated substance evaluation for carbon tetrachloride, CAS No 56-23-5 (EC No 200-262-8) based on registration dossiers submitted by the addressees (concerned registrants) and prepared decisions in accordance with Article 46(1) of the REACH Regulation. The present decision is exclusively addressed to the registrant of [REDACTED] and it contains information requests that are additional to the information required in decision number in format SEV-D-000000XXX-XX-XX/F addressed to all registrants of carbon tetrachloride.

On the basis of an opinion of the ECHA Member State Committee and due to initial grounds for concern relating to Human health/CMR, Exposure/High exposure for workers, and high aggregated tonnage, carbon tetrachloride was included in the Community rolling action plan (CoRAP) for substance evaluation pursuant to Article 44(2) of the REACH Regulation to be evaluated in 2012. The CoRAP was published on the ECHA website on 29 February 2012. The Competent Authority of France was appointed to carry out the evaluation.

Further information is required to clarify the abovementioned concerns. Therefore, draft decisions were prepared pursuant to Article 46(1) of the REACH Regulation to request further information. This draft decision was submitted to ECHA on 28 February 2013.

required by this decision.

At any time, the concerned registrants shall take into account that there may be an obligation to make every effort to agree on sharing of information and costs with other registrants.

III. Statement of reasons

Based on the evaluation of all relevant information submitted on carbon tetrachloride and other relevant and available information, ECHA concludes that further information is required in order to enable the evaluating MSCA to complete the evaluation of whether the substance constitutes a risk to human health or the environment.

3. The Registrant's comments during decision-making

The registrant accepted to provide [REDACTED]

[REDACTED]

No amendments of the draft decision has been done.

IV. Information on right to appeal

An appeal may be brought against this decision to the Board of Appeal of ECHA under Articles 52(2) and 51(8) of the REACH Regulation. Such an appeal shall be lodged within three months of receiving notification of this decision. Further information on the appeal procedure can be found on the ECHA's internet page at <http://www.echa.europa.eu/regulations/appeals> . The notice of appeal will be deemed to be filed only when the appeal fee has been paid.
