Administrative information

1.1. Trade names of the product

V33 FLOORS FURNITURE

1.2. Authorisation holder

Name and address of the authorisation holder	Name	V33
	Address	La Muyre 39210 Domblans France
Authorisation number	KY-0147	
R4BP 3 asset reference number	CY-0020379-0000	
Date of the authorisation	15/04/2019	
Expiry date of the authorisation	20/08/2028	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	V33
Address of the manufacturer	La Muyre 39210 Domblans France
Location of manufacturing sites	La Muyre 39210 Domblans France

1.4. Manufacturer(s) of the active substance(s)

Active substance	1342 - Permethrin
Name of the manufacturer	LANXESS Deutschland GmbH
Address of the manufacturer	Kennedyplatz 1 D-50569 Koln Germany
Location of manufacturing sites	Bayer Vapi Private Limited Plot # 306/3 II Phase, GIDC, Vapi 396 195 Gujarat India

Active substance	1342 - Permethrin
Name of the manufacturer	Tagros Chemicals India Ltd.
Address of the manufacturer	"Jhaver Centre", Rajah Annamalai Building, IV Floor, 72, Marshalls Road, Egmore 600 008 Chennai India
Location of manufacturing sites	A4/1&2 Sipcot Industrial Complex, Pachayankuppam 607 005 Cuddalore India

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Permethrin		Active Substance	52645-53-1	258-067-9	0,56

2.2. Type of formulation

AE - Aerosol dispenser

3. Hazard and precautionary statements

Hazard statements	<p>Extremely flammable aerosol.</p> <p>May be fatal if swallowed and enters airways.</p> <p>Very toxic to aquatic life.</p>
--------------------------	---

Precautionary statements

Very toxic to aquatic life with long lasting effects.

Repeated exposure may cause skin dryness or cracking.

Contains permethrin. May produce an allergic reaction.

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Protect from sunlight. Do not expose at temperatures exceeding 50 °C/122 °F.

4. Authorised use(s)

4.1 Use description

Use 1 - Preventive

Product type

PT08 - Wood preservatives (Preservatives)

Where relevant, an exact description of the authorised use

The product 11LBCEOL03 aerosol is used as a Use Class 1 preventive treatment for solid wood, against termites and wood-boring beetles (house longhorn beetle, furniture beetle and Lyctus). It can be used indoors, on both softwood and hardwood. The application rate is 200 mL/m² (or 158 g/m² with a product density of 0.79) for preventive use, with 2 layers of the product. The product can be applied by spraying.

Target organism(s) (including development stage)

Scientific name: *Hylotrupes bajulus* L.
Common name: House longhorn beetle
Development stage: Larvae

Scientific name: *Anobium punctatum* De Geer
Common name: Common furniture beetle
Development stage: Larvae

Scientific name: *Lyctus brunneus*
Common name: Powder post beetles
Development stage: Larvae

Scientific name: *Reticulitermes* sp.
Common name: European subterranean termites
Development stage: workers, soldiers and nymphs

Scientific name: *Coptotermes*
Common name: Asian subterranean termite
Development stage: workers, soldiers, and nymphs

Scientific name: *Heterotermes* sp.
Common name: Subterranean termites
Development stage: workers, soldiers and nymphs

Field(s) of use	Indoor
Application method(s)	Spraying - The product is a ready-to-use product.
Application rate(s) and frequencies	200 mL/m ² (or 158 g/m ² with a product density of 0.79) - 100 - The product is applied only once. If applied according to the instructions for use, and if the treated wood is used in the correct field of use, the preventive efficacy is guaranteed for at least 20 years.
Category(ies) of users	Professional General public (non-professional)
Pack sizes and packaging material	Aerosol can - steel - 520 mL

4.2 Use description

Use 2 - Curative

Product type	PT08 - Wood preservatives (Preservatives)
Where relevant, an exact description of the authorised use	The product 11LBCEOL03 aerosol is used as a curative treatment for solid wood, against termites and wood-boring beetles (house longhorn beetle, furniture beetle and Lyctus). It can be used indoors, on both softwood and hardwood. The application rate is 300 mL/m ² (or 237 g/m ² with a product density of 0.79) for curative use, with 3 layers of the product. The product can be applied by spraying. It can also be applied by injection directly in the holes made by the insects, before a surface application by spraying.
Target organism(s) (including development stage)	<p>Scientific name: Hylotrupes bajulus L. 5. General directions for use

5.1. Instructions for use

The product 11LBCEOL03 aerosol is used as a Use Class 1 preventive treatment and curative treatment for solid wood, against termites and wood-boring beetles (house longhorn beetle, furniture beetle and Lyctus). It can be used indoors, on both softwood and hardwood. The application rate is 200 mL/m² for preventive use and 300 mL/m² for curative use. The product can be applied by spraying. It can also be applied by injection directly in the holes made by the insects, before a surface application by spraying.

5.2. Risk mitigation measures

The product must be used in accordance with the label.
Keep out of reach of children.
Always wash the hands after application.
Do not smoke, eat or drink where the product is used.
Avoid contact with skin.
Do not breathe the aerosol.
Handle in well ventilated areas. The vapours are heavier than air and may form explosive mixtures with air ground.
Do not spray on an open flame or any other ignition source.

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

Particulars of likely direct or indirect adverse effects
Contains at least one sensitizing substance (permethrin). May produce an allergic reaction.
Prevent the creation of flammable or explosive concentrations in air and avoid vapor concentrations higher than the limit values for occupational exposure.

First aid instructions, antidotes:

If in doubt or if symptoms persist, always consult a doctor.

Never give anything by mouth to an unconscious person.

- In case of inhalation: move the patient to fresh air and keep warm and at rest.

- In case of eye contact: wash thoroughly with soft, clean water for several minutes holding the eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing.

- In case of skin contact: remove contaminated clothing and wash the skin with soap and water, or a recognized cleaner. Beware any remaining product between skin and clothing, watches, shoes, etc. In case of allergic reaction, consult a doctor.

- In case of ingestion: if the quantity swallowed is small (no more than one mouthful), rinse the mouth with water and consult a doctor. Keep at rest. Do not induce vomiting. In case of accidental ingestion, do not give anything to drink, do not induce vomiting and transfer immediately in hospital.

Consult a doctor and show him the label of the product. Treat symptomatically.

Emergency measures to protect environment in case of accident:

Do not throw into the soil, drains or water courses. In case of discharge, protect drains to avoid pollution risk.

Contain the discharges and collect them with sand or other absorbent material. Dispose as waste to treatment centers in compliance with the current legislation.

5.4. Instructions for safe disposal of the product and its packaging

Do not empty into soil, drains and streams. Completely empty the recipient used, keep the label on the container. Remove the unused product in accordance with local/national regulations. Remove the empty container in special waste collection point in accordance with local/national regulations.

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Pressurized container: may burst if heated. Do not pierce or burn, even after use. Protect from sunlight and do not expose to temperature > 50°C.

Keep container closed tightly.

Keep out of reach of children.

Shelf-life: 36 months.
